

# Technical Data Sheet

## Sunfat LA-PG10

Polyglyceryl-10 Laurate

### Description

Sunfat LA-PG10 can be effectively used for all kinds of cosmetics. It is a PEG free emollient which has less stimulation for skin. Since it has good emulsifying performance, it is widely used in cosmetics including skin care, sun care, and toiletries.

### Specifications

Item	Specification
Color	Light yellow to yellow
Appearance	Viscous liquid
Iodine value, (g·I <sub>2</sub> /100g)	≤ 5
Acid value, (mg·KOH/g)	≤ 12.0
Saponification value, (mg·KOH/g)	≤ 180
Lead Value, (mg/kg)	≤ 2.0
Arsenic Value, (mg/kg)	≤ 2.0

### Function

Emulsifier / Dispersant / Stabilizer

### Application

Used for skin and sun care agent, BB creams, body scrub and cleansing foam.
