

Technical Data Sheet

SFG PTIS P150

PEG-150 Pentaerythrit Tetrastearate
CAS# 130249-48-8

Mol. wt. 1576.45
Formula C92H182O18

Description

SFG PTIS P150 is a unique high molecular weight ester designed for the premium thickening performance of aqueous detergent systems. Some important features when used for cosmetic formulations:

- Nonionic thickener
- Low dosage levels
- Suitable for transparent systems
- Conditioned after-feel

Specifications

Item	Specification
Appearance	White flake
Odor	Mild, characteristic
Acid Value (mg KOH/g)	Max. 5.0
Hydroxyl Value (mg KOH/g)	0~10
Moisture (%)	Max. 1.0

Applications Effective nonionic thickener for skin care products.

Storage It should be closed and stored in a cool dry area.

Shelf Life 1 year
