

Technical Data Sheet

Suntant SCGT

Sodium Cocoyl Glutamate
CAS# 68187-32-6

Mol. wt. 191.09300
Formula C₅H₇NNa₂O₄

Description

Suntant SCGT is an amino acid based mild surfactant which used as foaming agent. It is derived from natural sources and it's non-irritating to skin. Due to its safe properties, it can be widely applied to cosmetics, hair care products and also for toothpaste products.

Specifications

Item	Specification	Ref. Method
Appearance	White Powder	
Acid value (KOHmg/g)	100 ~ 135	ISO4314-1977
Active ingredient (%)	≥93.0	105°C, 3h
Water content (%)	≤5.0	ISO4317-1991
Sodium Chloride (%)	≤2.0	ISO457-1983
pH (1% aq. soln.)	5.0 ~ 7.0	ISO4316-1977

Application

Cream, Facial cleansing, Body-wash, Shampoo, Toothpaste, etc.

Storage

Product should be closed and stored in dry areas.

Shelf life

2 years
