

# Technical Data Sheet

## SunVit HPR

Hydroxypinacolone Retinoate

CAS# 893412-73-2

Mol. wt. 398.58  
 Formula C<sub>26</sub>H<sub>38</sub>O<sub>3</sub>

### Description

SunVit HPR is an ester of retinoic acid which has a similar feature to tretinoin. The big advantage of this item is it doesn't cause skin irritation differently with tretinoin. It binds to the receptors directly on the skin, so that reduces pigmentation, wrinkles, and blemishes, improves texture, hydration, and glow for the skin.

### Specifications

Item	Specification
Appearance	Yellow powder or crystalline powder
Odor	Characteristic
Purity (HPLC)	≥ 99%

### Applications

It can be applied to various skincare and color cosmetic items, and formulated into O/W and W/O emulsion. It is recommended for night time application.

### Storage

Keep deoxygenated and dehumidified container in a dark, cool, dry place.  
 Once opened, use contents quickly.

**Shelf Life** 1 year
